OBJECTIVE

I'm a web designer and developer with over 15 years of experience seeking more challenges as a digital marketing manager, where my skills can be applied and extended to identify areas of improvement within the different Blinn digital web and marketing systems, with the goal of generating more leads and conversions.

RAUL GONZALEZ

EXPERIENCE

May 2018-Present

Web Content Specialist • Blinn College

Jan. 2019-Present (Part Time)

Graphic, Web Design, Programming Instructor • Blinn College

Dec. 2016-May 2018

Software Application Developer • Texas A&M University

Jan. 2011-Dec. 2016

Web Services Coordinator • Laredo College

Through these, I have launched numerous web apps, forms, and websites, many of which remain in use up to this day. The use of analytical tracking and adjusting strategies has been key to their continuous success.

EDUCATION

Laredo College, TX

- Associate in Applied Science – Media and Web Technology
- Associate in Science – Computer Science

TRAINING

Teaching web design and development has rewired the way I used to train people for the different systems. Under this position, I found that not everyone learns the same way, which made me a more understanding trainer.

LEADERSHIP

As a Tutor Facilitator, I managed 20+ tutors by arranging work schedules and evaluating work performances.
